Nevada raised stock when prop-  
erly cared for beats the California  
production in flavor and quality.  
Gardner takes care of his own  
herd, and all meat coming from  
his market is bound to be tender  
and sweet.

Meat immediately after being  
slaughtered is never tender and  
should be kept a day or two. In  
order to have it fresh after the  
expired time it should be kept in  
a cool place. M. C. Gardner sells  
meat both tender and fresh, as it  
is always surrounded by ice at a  
freezing temperature.

How CAN PARENTS—Allow their  
children to cough and calmly say:  
"Oh! its only a little cold," and  
keep giving them cheap medicines,  
until they are down with lung fe-  
ver or consumption, when they  
can be so easily relieved by using  
BEGG'S CHERRY COUGH SYRUP?  
It has no superior and few  
equals. W. H. Chedie, Druggist.

COUGH! AND COUGH! AND COUGH!  
—What in the world is the reason  
you will cough and keep coughing  
and still keep trying inferior medi-  
cines when BEGG'S CHERRY  
COUGH SYRUP will positively  
relieve your cough at once? This  
is no advertising scheme, but an  
actual fact, and we guarantee it.  
W. H. Chedie, Druggist.

before long.

your winters wood.

Main street yesterday.

to her bed by a serious attack of  
rheumatism.

Joe Josephs, Republican nomi-  
nee for clerk of the Supreme  
Court, is in town.

Attention is called to the  
double column ad of J. Morris,  
Virginia, in to-day's issue.

The Capitol Lodging house was  
robbed last week of \$150, a gold  
watch and chain, and two revolv-  
ers.

The young ladies of St. Mar-  
garet's Guild meet this afternoon  
at 4 o'clock, to make arrangements  
for a party to be given Friday  
evening. A full attendance is  
earnestly desired.

Among the candidates men-  
tioned by the local Democrats are  
John Wagner for Senator, Henry  
Bath for Sheriff, Elstner for Clerk,

Longabaugh for Treasurer and  
Dan Kelley for School Trustee.

Jeannie Winston will be with  
the next opera company that ap-  
pears here. When the neat figure

She is the best drawing opera  
singer now on the American  
stage.

The following suggestion, if  
observed, will aid the dispatch  
and delivery of matter sent  
through the mails, or its return  
directly to the sender in the event  
of non-delivery, and thus prevent  
the annoyance, delay, and embar-  
rassment caused by sending mat-  
ter to the Dead Letter Office.  
Mail matters should be plainly  
and correctly addressed, the name  
of the post office to which it is to  
be sent should be clearly and  
distinctly stated, and to avoid con-  
fusion from the similarity of abbrevi-  
ations, as frequently used the  
name of the state should also be  
given in full. In the case of mail  
addressed to small offices, or  
where there are offices of like  
names in different States, the  
name of the county should be ad-  
ded.

## A Wedding.

The only society event of the  
past week in Hawthorne was the  
wedding of Miss Ah Chum to Mr.  
Chung Kee Ah Chum is a pretty  
little Chinese damsel who can read,  
write and speak English like a  
native. She was raised in Bodie,  
but has resided in Hawthorne for  
the past two years. Chung Kee is  
known to our people as the  
heathen who propels a vegetable  
cart about town. A large number  
of white folks attended the wed-  
ding and were treated to a  
bountiful supply of Chinese gin  
and bad cigars. —Waker Lake Bulletin

## Gypsum to be Shipped.

The San Francisco parties who  
own the large deposits of gypsum  
near the Mound House, Lyon coun-  
ty, were visiting their property  
the first of last week, and have  
made arrangements for the ship-  
ment of a large quantity of gyp-  
sum to San Francisco. It is un-  
derstood that a mill for grinding  
and refining the material will  
shortly be erected in Reno. Ex-  
perts say that gypsum from these  
beds is the purest they have ever  
seen.

## THE "AGRICULTURAL" FAIRS.

How They Become the Tools of  
California Sports.

Speaking of the absence of a  
pavilion at the Fair, the Ge-  
neva Courier says:

"This year many farmers had  
planned to exhibit grain, vegeta-  
bles and various products of the  
soil, but as there was no place  
provided for their exhibits, not  
only they, but their friends also  
remained at home.

"We believe that the people of  
this Valley should receive more  
encouragement in the production  
of a fine draft horse or roaster,  
a good milch cow, a fine breed of  
hogs or an excellent variety of  
fowls than in the production of a  
fleet footed horse."

Now this is just what we all  
think and the Directors are plan-  
ning to have a pavilion erected  
next year, where the products of  
the Country can be exhibited. This  
year the Opera House was secured  
for a show.

The majority of people in this  
section would rather see the money  
going to horse racing either go to  
Nevada horses alone, or else give  
smaller purses to the sports and  
more to the people who exhibit  
home products.

A premium of say \$100 to the  
best acre of corn or barley raised  
in the district would cause hun-  
dreds of acres to be planted where  
ten are planted now, and people  
would not be obliged to ship  
barley from California.

A fast racer in no way benefits  
the country at large. The owner  
cleans up a race every day, works  
the pool boxes and packs off \$5,-  
000 to California as the result of  
"exhibiting" a fast horse for a  
week, while the owner of a fine  
thoroughbred draught horse gets  
a \$20 premium, and it costs him  
\$50 to make the exhibit. This is  
all wrong.

Aside from this it encourages  
the worst form of gambling, for  
the pool box is the nearest device  
ever made to draw the public into  
a net and rob it deliberately and  
systematically.

When a man plays poker he  
takes care that no one ever sees a  
card he draws, yet he will bet  
hundreds on a horse race where  
he knows the result is in the  
hands of the four or five men who  
are driving the horses.

The California turf sharps who  
come up here in no way contrib-  
ute to the development of the  
state, and do not pay a cent of  
taxes on their property. A man  
who raises a thoroughbred Per-  
cheron stallion or a thoroughbred  
Berkshire pig ought to be better  
encouraged than the Sacramento  
turf sharp who comes up here  
every Fall and skins the public  
out of enough to live in luxury  
the rest of the year.

In behalf of the home produc-  
ers of this State the APPEAL raises  
its voice against the appropriation  
of State money for turf gambling  
in all its forms.

The taxpayers of Nevada do  
not want to be taxed every year  
to contribute to the pockets of the  
horsemen of another State, and  
robbed under the pretense of  
"fostering the agricultural inter-  
ests." The agricultural interests  
get mighty poor fostering at the  
Fairs.

If the turf is the only indus-  
try of this State that needs foster-  
ing, and Californians are the only  
ones to be benefitted, let the name  
"Nevada State Agricultural and  
Mining and Mechanical Associa-  
tion," be taken down, and the sign  
"Pacific Coast Horse Racing As-  
sociation" put up in its place.

The woman who exhibits a dozen  
preserved peaches, a loaf of  
bread of her own make, or even a  
crazy patch bed quilt, does more  
for Nevada than a dozen Dan Den-  
nisons, with his foul driving and  
track tricks for the benefit of the  
Sacramento contingent, who fol-  
low his sulky round the circuit to  
work the pool box.

The class of men who come  
over in the wake of the California  
horses embrace a most undesir-  
able class. Some of them are  
worse than the camp followers of  
an army.

During Fair week the various  
towns of Nevada are overrun with

thieves and skin game men, "soap"  
dealers, strap game men, etc.

During Fair week here Superin-  
tendent Wright placed a double  
guard on the Mint.

In the name of Ceres and Po-  
mo, and all the other gods and  
goddesses of agriculture, let Ne-  
vada people begin to have some  
Fairs that are not for the benefit  
of California turf gamblers, or  
else close them up.

Mr. Webster Speaks About the  
Gas.

EDITOR Journal: The item that  
appeared in the Journal, charging  
Mr. Winters with blowing out gas  
while at Virginia City, is not true.  
Mr. Winters says he turned out  
the gas as is his custom when in a  
hotel. It is also his custom to  
light a match after turning out  
the gas and pass it when burning  
over the jet, which custom he ob-  
served at the International Hotel  
at Virginia. If there was gas  
escaping in his room it came from  
defective fixtures; that he could  
not discover any odor of gas in  
his room at any time. He says  
he has been in first-class hotels  
much of the time during his life  
and knows how to go to bed in a  
hotel.

By direction of Mr. Winters.  
W. W. WEBSTER.

It looks as if Mr. Winters was  
wholly in the hands of W. W.  
Webster, who appears to be the  
political double of Mr. Winters.  
In fact all of Mr. Winters' checks  
are signed WWW like the sen-  
sivities of a rail fence.

You will presently find Mr. Win-  
ters,  
The planks in your platform in  
splinters,  
The gas will continue to trouble  
you,  
And your manager'll certainly

I desire to state to the public  
that I am still in the bark busi-  
ness, and am prepared to furnish  
the same in small or large quanti-  
ties, at any and all times.

WHAT ON EARTH—is the reason  
people will not, cannot, or do not  
see any difference in cheap nos-  
trums put up by Cheap John  
houses, or irresponsible parties at  
enormous profits, rather than take  
a medicine of world wide reputa-  
tion and one that is giving univer-  
sal satisfaction at equal price? No  
medicine in the world is giving  
such unparalleled satisfaction for  
purifying the blood as BEGG'S

does not do its work, will cost you  
nothing. —W. H. Chedie, Druggist.
